PILOTS

(Wingle ambassador program)

WELCOME TO WINGLE:

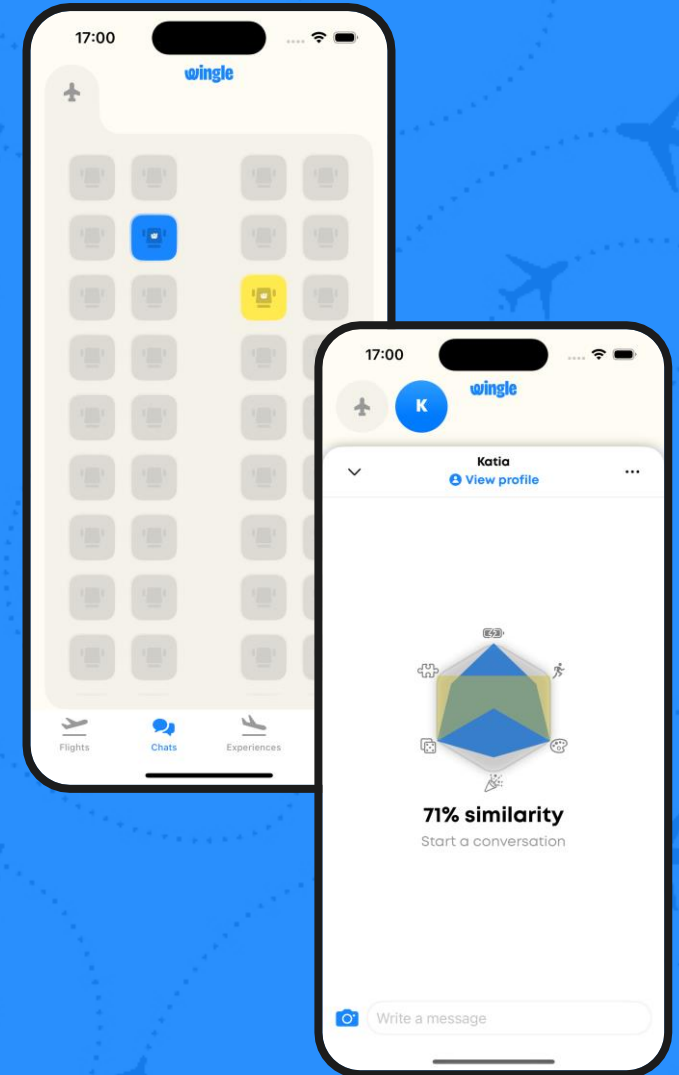

- Wingle is transforming the travel experience
- Launched last July 2024, in Europe, **Wingle allows people flying on the same airplane to connect and chat; offline**
- Yes, it all happens offline, without the need of any internet connection. You only need to keep Bluetooth and Wi-Fi receivers turned on and you're ready to go!

CLICK TO DOWNLOAD

WHAT IS WINGLE:

- Wingle **works on ALL FLIGHTS of ALL AIRLINES** (for now, all Europe flights)
- Wingle's **goal is to make the travel experience more fun, less stressful and hassle free**
- As such, Wingle also allows people to meet at the airport, offers services such as compensations in case of flight delays, access to lounges, in destination experiences...

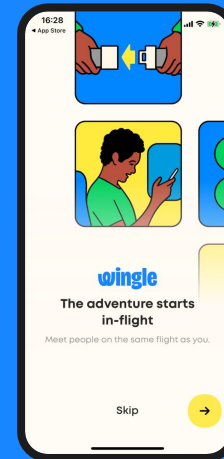

[CLICK TO DOWNLOAD](#)

How it works

1

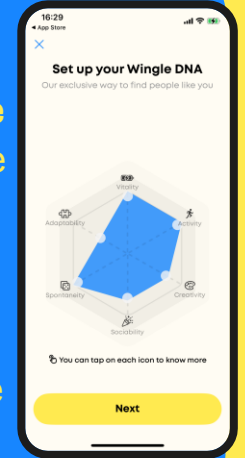

Users **download** the WINGLE app before the flight

2

Users set up their **Wingle profile** (name, age, simple personality traits, a couple of pictures)

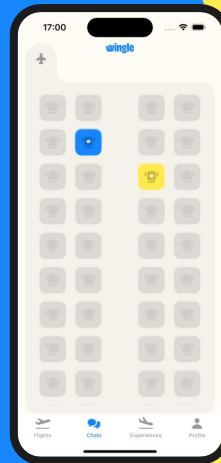

Before take-off, users can meet in person at the airport

3

Once the flight is ready for takeoff, the **seatmap lights up** with the rest of the passengers

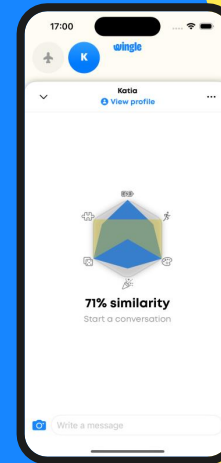

Users only need to keep Bluetooth and Wi-Fi receivers on

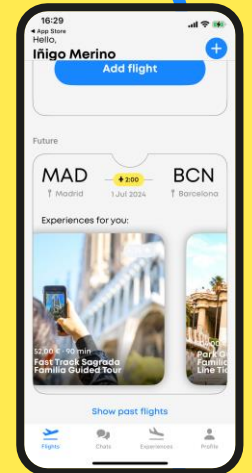

4

Users see how their profile aligns with other passengers and can **start chatting***

When the flight lands, the seat map disappears

Additionally, before and after the flight, users can select any of the experiences and services to make travel more comfortable

* Our chat is powered by a combination of Wifi and Bluetooth, which does not require internet connection

WHY WE'RE REACHING OUT TO YOU:

- As a social network app, Wingle will work best when more users download it. **We truly believe that Wingle ambassadors can be our best outreach channel**
- Wingle PILOTS are REAL PEOPLE, just like you, who are trusted by their friends, community... and have a social and outgoing personality
- We **want PILOTS with a creative spirit, who can come up with crazy activations in their cities, universities... to spread the Wingle vision**
- We've built a win-win approach for Wingle and its ambassadors

THE WINGLE PILOTS PROGRAM:

- It is a referral and rewards program for people who recommend Wingle and sign up users to the app
- We're also looking for PILOTS with a creative mindset, who pitch activation ideas to Wingle HQ and together, turn them into a reality

HOW IT WORKS:

- 1 Register for the Wingle PILOTS Program [here](#). We just need your name, basic contact details and socials
- 2 You will receive an email with your personal Wingle QR code to sign up new users
- 3 For every new user that signs up to the app through you, you get 1 point. You'll receive additional points for creative activations you come up with.
- 4 Every month, you will receive an email with the summary of new sign ups you have achieved, number of available points and EUR equivalent.
You can exchange them for gift cards of all major retailers

EVERY MONTH, YOU CAN CONVERT YOUR POINTS TO REWARDS ALL ACROSS EUROPE

- When you receive your monthly points update, you can choose to convert your points to gift cards, to be used all across Europe
- A sample of outlets:

VERY SIMPLE:

1 SIGN UP = 1 POINT = 1.50 EUR

- For every user that signs up to Wingle through your QR, you get 1 point
- 1 point = 1.50 EUR
- You can convert your points for gift cards at the end of each month
(minimum amount for conversion is 50 EUR)
